

A parent's guide to teaching

HONESTY

01

Create a safe place for making mistakes.

Stay calm and teach a child what to do when they make a mistake instead of punishing them for it.

Talk about honesty.

02

At the end of each day, ask how your child showed honesty. Share how you showed honesty.

03

Thank your child for being honest.

Make a point to thank them when they do tell the truth or make an honest choice. Take away a consequence because they were honest.

Model honesty.

04

We are our child's greatest influence. If we tell them the truth...if we tell others the truth, they will follow our lead.
